

Release Notes – Feb. 22, 2021

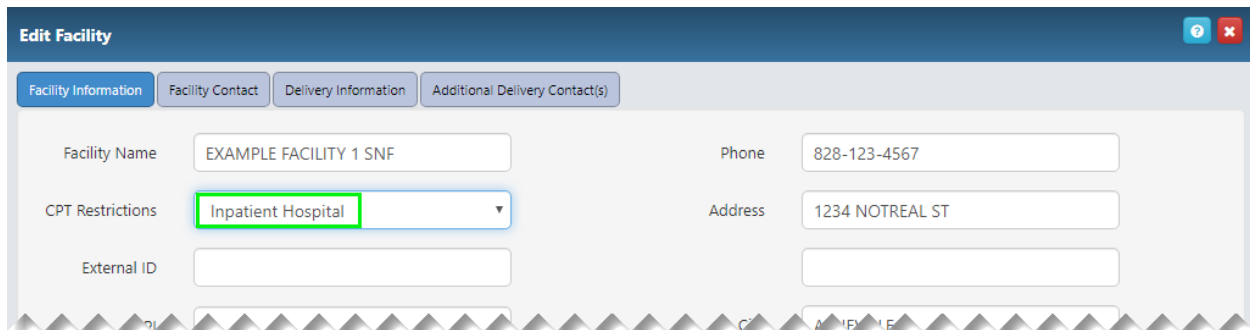

Issues Addressed

- Results on the RVU Dashboard will no longer double.

Feature Enhancements

New Facility CPT Restriction

A new CPT Restrictions option has been added in the Facility details:

The screenshot shows the 'Edit Facility' interface with the following fields:

Field	Value
Facility Name	EXAMPLE FACILITY 1 SNF
Phone	828-123-4567
CPT Restrictions	Inpatient Hospital
Address	1234 NOTREAL ST
External ID	

When the Inpatient Hospital option is selected providers seeing patients at the facility can select any of the CPT Codes: '99221', '99222', '99223', '99231', '99232', '99233', '99238', '99239'.

When a facility has the CPT Restriction for Inpatient Hospital, the provider can NOT select CPT Codes specific to other types (such as SNF/NF codes 99309 & 99315, office codes 99211-99215).

Chronic Care Management Activity Log

GEHRIMED now includes a Chronic Care Management (CCM) Activity Log to enable all GEHRIMED users to record CCM Activities in the GEHRIMED patient record.

Patient	Provider	Activity	Date	Duration	Notes
PATIENT_JANE	Provider, Example	Medication Oversight and Reconciliation	2/17/2021	15	
PATIENT_JENNIFER	Provider, Example	Communication initiated by Patient/Family	2/18/2021	15	
PATIENT_TERRY	Provider, Example	Coordination of Care with Community Provider	2/18/2021	15	
EXAMPLE_PATIENT_L	Provider, Example	Patient Assessments	2/18/2021	25	
PATIENT_JILLIAN	Provider, Example	Review of Medical Records	2/18/2021	10	

Users can access the CCM Activity Log for the group by selecting **CCM Activity Log** from the GEHRIMED Dashboard Options Menu:

Users can access the log for an individual patient by selecting **CCM Activity Log** from Patient Details Action menu:

The screenshot shows a patient record for 'EXAMPLE, PATIENT L'. The patient's information includes DOB 09/05/1946, Room/Floor Room (Floor), Language English (ISO 639-1: en / IS...), Ethnicity Mexican American Indian (...), Race Mexican American Indian (...), Age 74, Patient ID 2386788, and Effective Date 08/21/2020. The patient is a 'Never smoker' and has a status of 'Active'. A dropdown menu is open over the 'Encounters' section, with 'CCM Activity Log' selected. The background shows a 'Problem List' with items like 'Dementia associated with other underlying disease' (F02.80) and 'Diabetes' (E11.9).

Users can Add, Edit, and Delete CCM Activities for a patient or patients, recording time and notes for the activities:

The screenshot shows the 'Create CCM Activity for: EXAMPLE, PATIENT L' form. The form fields are: Facility Name (EXAMPLE FACILITY 1 SNF), DOB (Age) (09/05/1946 (74 yrs)), Gender (F), Insurance (MEDICAID), Provider (Provider, Example), Activity (Select an Activity), Activity Date (02/19/2021), Duration (minutes) (empty), and Notes (empty). The form has 'Cancel' and 'Save' buttons at the bottom.

Users can Export the CCM Activity log to an .xls document or print their displayed results.

CCM Activity Log

Date Range: This Month Start Date: 02/01/2021 End Date: 02/28/2021 Provider: Provider, Example
