Issues Addressed

- A typo in Diabetes Quality Measure has been corrected.

- In some cases, QM Search did not display results for Quality Measure 155 correctly. This has been resolved.

- The vitals fields now retain zeros that occur after a decimal point. This applies to Weight, BMI, Pulse, Blood Pressure, o2 Saturation, o2 Flow Rate, Temperature, Respiratory Rate, Blood Sugar, and Pain Level.

- An issue causing duplicate Procedure records to be added in Patient Details has been resolved.

- The Quality Measure scorecard now correctly displays available measure points for topped out measure. This applies to QMs 93, 130, 283, and 286.
